

Take all this pain to Jesus Christ

**Tell him you've got to change
your life**

You never learned to compromise

You realise you've too much pride

**A mother can't forget
The baby at her breast
And never could I ever
Forget you
You're always in my
heart**

Blest are

The pure

In heart

Listen to Him
Listen to Him
Listen to Jesus
Listen to Him

Love love love
Brings peace to us
Go feed my lambs
And teach all men

I'd like to turn her 'round, look in her eyes
I'd like to hear her sing,
We'd harmonise -

Says they tell of values that will last
Things we ought to know
